

Mechow® Med Small

Original Mechow Sound®

Type	Speaker system active, mobile
Impedance	4 Ohm
Rated power RMS	2x 20Watt/1x 40Watt
Music loadability	80 watt
Transmission range	20 - 20000 Hz
Total weight	22,9 kg
Supply voltage/operating voltage	230V/ switching power supply 15V/2A
Lithium-ion battery	12V
Connection terminals	Color coded

Tweeter/Midrange

Transducer spherical sound

Cone patented	
Frequency response	150 - 25000 Hz
Holder for tripod	Thread M10
Diameter	Ø 150 mm
Height	270 mm
Color	Standard silver
Weight	1,4 kg

Main unit with handle and protective cover/subwoofer/operating level/amplifier electronics

Frequency response	f3 - 150 Hz
Woofer	Radiation downwards
Dimensions (HxWxD)	485 mm x 270 mm x 245 mm
Color	Standard silver
Weight	11,4 kg

Integrated single channel power amplifier 3x

Output power RMS	2 x 20 Watt, 1 x 40 Watt 12 Volt
Phase low tone	0/180° switchable
Crossover frequency	60 - 160 Hz adjustable

Control component

Tweeter/midrange selector switch	3D or HFT® (Mono)
Master volume	adjustable
Volume L/R	separately adjustable,
Selector switch int / external Input	Media player / external input Cinch socket
Selector switch int/ external charging	USB C
Media player	Customer side/ Interface USB C/ Headphone jack stereo
Data input	USB C
Power	On/OFF
Dimensions (HxWxD)	75mm x 250mm x 155mm
Weight	Approx. 0.5 kg

Accessories:

Tripod

	Aluminum/ height adjustable
Height	690 mm - 1200 mm
Color	Silver/Black
Weight	1,9 kg

Connection cable

2 x 0.75mm² x 3m / White, banana plug
